Caleb: Dumb-bitch Florida reporter is co-producing with me today.
Caleb: She's insisting we run the latest Natalee Holloway story.
me: well, of course
me: Oh, god
me: I was at Laguardia yesterday
me: it was like some cliche sketch by some insufferable anti-media person like me
me: fucking shit cable news station was on
me: they ran thing on VAN DER SLOOP
me: every head looked up
me: then they go to oil spill
me: every head looked down
me: and lady next to me was holding a copy of The Globe
Caleb: I'm contributing to that.
me: GAIL WYNAND
me: as long as you can stock art pieces in the top of your high rise
Caleb: How about beer boxes in my garage apartment?
Caleb: THAT'S LIKE THE 21ST CENTURY GREAT RECESSION EQUIVALENT!!!!
me: dude we should put on a Shakespeare production but in modern times!
Caleb: But how would we work around the references to swords?
me: WE COULD HAVE GUNS WITH BRAND NAMES LIKE "SWORD" AND A SHOTGUN COULD BE A "LONGSWORD"
me: hey
me: we need to acquire mushrooms or acid or something in Austin
me: or I do
me: plus h if necessary
me: start getting in touch with whomever can arrange for that
me: I need to trip
me: I must go on a vision quest
Caleb: I wouldn't know where to begin on that front.
Caleb: Heroin is a possibility though.
me: talk to your drag rat connection about all those things
me: I'll ask Kat
me: Kathryn
me: Kat
me: yep yep
